

AL/422 July 9
From Mrs. HENRY FAWCETT, 2, Gower Street, London, W.C.

Dear lady Frances. In case you are not at
an London Com^{tee} this afternoon I will
tell you that Mr. P. M. "Joe"
not think any useful purpose could be
served by his receiving a Deputation from
the N A & W S societies at the present
time.

So much for H. Gladstone's promise &
the message from the P.M. They were
in an awkward predicament then.

Personally I am glad, because I
do really want a holiday. I hope
now I shall get off with my sister in about
10 days

You ever affecly
M. S. F.
