Our dear
love -
Truly always

Dearest Nellie

we send you

through our dear love

our deep sympathy - A

letter is such a precious

possession - we feel deeply

for you - dear dear Nellie.

Helen told us. Don't write

or answer please -

I hope Agnes is really
better - but I know
how she will be cared for.

Sometimes, looking back
over past years, it comes
over me with such a
rush how much, how
very much I owe to you
& to Agnes - more than

you can ever know - but
I know of these you
over over again -

- You please come to us
on Saturday 7^a.

I begin to think that
Miss Siddon won't have
her party on 14th -
for she is rather ill
& so depressed about her

conscious death, that I
think she wants to defer
her party - only she wants
you - ~~some time~~ - not

now, dare we ask you
for a date in April?

I shall tell you quite
positively about 14th in
a day or two. I am
so sorry to defer this positive
answer -
