Liebe Betty!

Die haben mich diese Ihre
freundlichen Zeilen sehr
erfreut, in ich bin Ihnen
aufrichtig dankbar für
die Kopisten die Sie
mir geschenkt haben.
Alles wird sich so be-
sonderlich richtig für mich
sein, den Bedingungen
für 1876 kommen zu

lassen, in. ist bitterdeutscher
dass die die Güte haben,
ist ein mit unter dem Hauptband
günstigere, sobald es
möglich ist.

Ich hoffe, ist noch unter
Group A. nach Group B.
(Languages) zusammen

kommen, in. bedürfen sich
dass Gesetze, National-
Observation in. moral
Science mit dem Hauptband
im selben Jahr nicht

jünglich bleiben werden.
Suffizienz ist das Kommen
in Arithmetik kein so
besteht, jetzt sind sie
möglich sein in Group A
Druckfall, denn ist kein
so ziemlich im Licht und
den Druck.

Ich kann mich zu sagen
dass es genau in New-
York Hall so wohl gefällt
in. noch mehr, die dort
zu finden, wenn ist im

October 1811.

The first wind in the
year in Leipzig, which
must in summer give
some comfort, in winter
of course will be
of little use.

From London Harry
will be regularly
given to the
children in the
year. It is not
the best, but it is
the best, and it is
the best.

From London the
first wind in the
year will be
of little use.

Lindenhans,

Friedberg

15th May 1876

Dear Silly,

Your friendly letter gave me great pleasure and I am very grateful for the news you sent me. It would be very important for me to know the lesson plans for 1877 and I beg you to have the kindness to send it on to me in newspaper wrapping as soon as it is published.

I hope I will be able to take Group A as well as Group B (Languages) and am sorry to say that History, National Economy and Moral Sciences will be inaccessible for me at least in the first year. I hope that the examination for Arithmetic won't be too difficult, or else it would be a failure already in Group A, because I am rather silly in this matter.

I am pleased to hear that you like Nonham Hall and
still more, that I will find you there in October.

She is already busy in her school in Leipzig,
but she may be coming home in summer for
good, because my sister Elly will be getting
married in the begin of July.

We see your brother Harry rather regularly
in our house every Thursday evening and we
like him very much. He is well and it
seems, that he is going to settle down
very well.

Now good bye and many hearty
greetings.

Alice o. Lotter.

Mama and my sister send hearty
greetings.
