Dear Su,

To Willis

I visited your sister

in Holloway today, & she
wished me to write & tell
you that she is quite well.

To me she appeared to be in
splendid health & spirits.

She wished you to communicate
this news to her family.

Of course when she is convalesced
she may be sent to some
other person & then I should

not see her. If she went to
Aylesbury I might go out there

to see some others who will
be asking for a mutawan
muster, you have none
resident there. In that case
not? Taylor must ask for
me & say I had visited
her in Holloway.

She is very cooperative in
anticipation of the coming
trial at the courts.

unless he goes to Holloway
after her conviction I fear I
might not see her again. I will
the ones in Holloway who have
asked for me, twice weekly. This
morning I saw 10, one after
the other. Kind regards -
