November 17th, 1910.

Dear Miss Whitehead,

I am desired by my Committee to communicate to you the fact that, in the event of a General Election taking place they propose to contest the constituency of East St Pancras, and that they have requested Mr Herbert Jacobs to stand as their candidate. They intend to make every endeavour to raise the necessary funds for the candidate, and they trust that these arrangements will meet with the approval of the National Union.

I am desired to request that this communication may be regarded as strictly confidential, as at the present juncture it is not desirable that either party should know which constituency has been decided upon.

Yours sincerely,

P.S.
