Dear Mrs. Stead,

I am writing to ask whether you think any of your women would care to come to our Demonstration at the Queen's Hall on June 28. We could provide reserved seats in the Orchestra for them at the specially reduced price of 6d each, or, if there were likely to be a large body to whom the small charge would be a difficulty we would let you have some of these seats to give away, or to charge for to the working women as you thought best.

I enclose a few bills for distribution.

P. S.

We are hoping that you + W. Stead
will give us the pleasure of supporting
our speakers on the platform -
