Dear Miss Lees

I am impelled to send a personal note with Mrs  
Shackel's letter asking for the third installment of the  
Guarantee fund. I know you made no promise in the  
future but I will be most grateful if you can continue.  
I think you have met by delightful co-seditors <sup>Miss Stocks</sup> in  
Manchester and I hear that you are on the Settlement  
Committee. We do feel that the Woman's Leader is  
still wanted perhaps more so than ever since the  
Woman's Local Government paper has gone out of  
existence and we hope to <sup>in future</sup> devote a special section to  
women on local government under the direction of the

the <sup>the</sup> <sup>month</sup> <sup>of</sup> the paper recently issued by that organization.  
Mrs. Stalls and I do what we can to make the paper  
helpful to women citizens and we are much encouraged  
by the kind letters we get. If you can see your way to  
continue your help I cannot tell you grateful I will be.

With many thanks for all your kind help.

Yours very sincerely

Elizabeth Macadam
