Dear Mrs. Acres

Excuse me for the presentation of
a Petition in favour of the Ministry of
Women by the Bishop of Peterborough

the subject does not come before the

Upper House. The Petition will

probably (I suppose) be presented

on Tuesday - but there will be

no discussion.

It is of course possible that the

Lower House action, unless it
may be,

may lead to discussion in the Upper
House later in the week. But if

so, and I have no reason to anticipate
it, discussion on the question would
not be likely to be simultaneous in
both Houses.

Please excuse this rough paper. I
write immediately on receipt of your letter.

Yours sincerely

G. K. A. Bell
