Miss Palmer

Dear Madam,

You asked me to send
you particulars of my work
for the Suffrage Societies in
the North of England when
I was disengaged.

I enclose you copy of extract
from the Bullenhead Society's

Report - and may mention
that I had previously
worked for two months for
Miss Roper in collecting
Signatures from the Working
Women of Lancashire for
the Petition subsequently sent in
of which I collected about 1,500.
and through Miss Roper's
recommendation obtained
the other work - I was
afterwards asked by the
Liverpool Society to work
for them in the same way as
at Birkenhead, but had to
refuse at the time as my

eyes were temporarily affected.

Should you need any temporary help at present I should be glad of it.

I have just completed some temporary work for Miss Leigh Browne chiefly in connection with the Suffrage.

Believe me

Yours faithfully

Annie L. H. Swanton
