Dear Madam,

Very many thanks for your letter and for the number of "The Church Militant" you kindly enclosed.

I have already too many newspapers and magazines to read and am unable to do justice to those that I ~~already~~ receive monthly and weekly.

With regard to the priesthood for women, I think that if Our Blessed Lord had intended that women should stand at the altar and offer the Holy Sacrifice, he would have included His Blessed Mother in the panel of Apostles. I am therefore entirely opposed to the admission of women to the priesthood - not that I consider them in any way inferior to men in intellectual and spiritual gifts.

Believe me,

Faithfully yours,

Mary Scharlieb
