Dear Miss Ward -

Do you remember the  
Paragraph in my  
lecture where I said  
once again the  
claims of women are  
set aside by what  
the "Times" described

THE COBURG HOTEL

CARLOS PLACE

GROSVENOR SQUARE W

as we are disappointed & shuffled  
I have looking into Part III - and I find  
if I add 3 or 4 sentences

from a speech of mad

& Lady Harcourt - at

the annual meeting of

the London Soc: held at

the following week - I

can get in a picture

of Lady Harcourt -

and if I add 3 sentences

public on - is a

series of work - above

which I have as in progress  
but which can be found in public  
and which is being initiated

by Miss Jenner - Miss  
Stirling - and Miss Pallas

I can see in their

purposes - I only want

Miss Jenner is to complete

this list - and that

will come immediately

before Miss Rogers's  
picture!! This?  
can easily do - without  
greatly increasing the  
length of the lecture - and  
this would meet your  
point - I have got  
the slides ready.

I am trying to get 3 or  
4 more Parliamentary Orders  
2 I can put them in to

Part III
