June 10th. 1907.

Dear Madam,

Many thanks for your letter of the 8th. inst. The letter I received on the 6th. inst. was addressed to me and not to Miss Bell. I happened to keep the envelope, which I now enclose. Miss Bell has not yet had an invitation to join, but I think would like to do so.

Would you kindly tell me if as vice-president I am entitled to attend your meetings? I never receive notices from you and am quite in the dark as to the Society's doings.

I shall hope to see you some day, and will try to come to the Office if possible.

Yours faithfully,

Katharine Thomasson
