My dear Mr. Strachey

I don't much like the paper.

I have marked in pencil.

I would suggest substituting for it -

" As a matter of fact the North

Eastern Society had taken action at

Jarrow without waiting to consult

the Nat: Union and in contravention

of the N. U.'s election policy. The

Committee of the N.U. were thereby

placed in a position of difficulty, and
the resolution just quoted represents
what they thought best under the
circumstances."

You can be trust- etc

Yours very sincerely,

W. G. Fairbairn

It ruffles people. Don't you think
↳ suggest that they are injured?

I think the letter sh^d be marked
"Confidential". We don't
want her to publish that
the NA has no control over
its constituent societies
