May 24

Lambeth Palace. S.E.

1912

Dear Mr Williams,

I think you will understand
of position. I do not think it
advisable to take any leading part
by joining any society connected with
the Suffrage at present. I have not
done so before, and do not wish to
do so the present time to do so.

I am as you know much interested
in the subject.

Yours sincerely

Frederic H. Davidson
