Dear Mrs Billington-Greig,

I much appreciate your letter and the news that my publication has been found worth passing on.

Edith Jewson married J.E. Dobson. He died a good many years ago. As far as I know she still lives at "Ashdene", Worlds End Lane, Chelsfield, Kent.

She has had very bad health and for some years I have sent my Christmas card to Dorothy who lives about a mile away. Both are my cousins, and daughters of Uncle George who was the senior of a family of twelve.

Of all my cousins I think I have as good an understanding with Dorothy as any of them, though I do not like her politics - nor any sort of politics as commonly understood.

Dorothy married J.E. Dobson of Twinings Tea. I think he must have died about 1940. Later she married the noted (or notorious) Campbell Stephen. I never met him and really know nothing of him so any idea I have of him is purely arising from someone's chance remark. Presumably you know his name a lot better than I do. *Was not C.S. one of 3 rec not M.P.s?*

I do not think they were married long before she was again left a widow. She lives at: 62, St Leonards Rise, Orpington, Kent.

I have taken ~~XX~~ a carbon copy of this and will make sure that my information is correct when I meet another well informed cousin in Norwich.

~~I now remember that Edith was mixed up with printing and publishing work at 113, Newington Causeway London S.E.1. and got some printing done for me say 1936~~

Dorothy was, of course, an M.P. in the 1924 Parliament. I have always believe that she made herself well respected and liked for her complete sincerity by all concerned including both sides of the House.

I suggest that you should write to her. I am sure she would be helpful.

Meantime, despite the Womens Freedom League there is something not quite well adjusted in the World. Hence my efforts to supply the finishing touch!

*Wishing you both the compliments  
of the Season*

*I am,  
yours sincerely*

*If I can be of any further help be sure & let me know.*
