Dear Madam.

I am away from home so your letter was forwarded to me. I shall be very interested in hearing any further particulars regarding the question of women candidates for ordination to the Priesthood. I am afraid however I shall not be able to attend any Conference

at present - I have to  
return to Chard on  
Friday next & cannot  
get away again just  
directly - I think the subject  
of women candidates will  
require my earnest prayer  
& careful consideration before  
any definite step is taken  
in the matter - at one  
time I should certainly have  
opposed the idea but  
lately I have thought  
differently - I have not  
my associates but not  
me so do not know  
if you belong to the

S. F. S. or not - If you  
do we might meet at  
one of the meetings that  
are being held this week.  
I should much like to  
have a talk with you.

Yours sincerely

Sister Ethel. S. F. S.
