Dear Madam.

I am very sorry that I feel I cannot sign such a petition as you suggest. You will never get the Honours system fair in regard to women under the present dispensation - silly Duchesses who meddle with public work will always get the highest forms of recognition, and women who really work on a level comparable to men will get third-rate reward. Therefore I think women ought to stand apart from the whole show and even refuse honours if they are offered them.

My hope this doesn't seem chuckle and how it just in question
most admiration for the Petition. however. I'm not sure but
