Dear Madam

I am obliged  
to you for your letter.

I quite agree with  
you as to the arguments  
in such letters as  
Mrs Lowe's regarding  
no answer. But I am  
afraid there is  
a large section to  
whom such arguments  
appeal. I have been

amazed during the  
few months I have  
spent here, to find  
how many of the  
educated, cultured  
people repeat & are  
convinced by just  
these same old  
arguments, & would  
no doubt welcome  
subtleties as their  
Lowe's as confirming  
them in their views.

It would no doubt give  
all right & that someone  
not officially connected  
with the Society should  
answer them, if possible,  
is probably the best  
plan.

I thought you might  
be interested to know  
that a very cultured  
lady here tells me  
that so far as she  
is connected to W.S.  
she has been connected

by the pamphlet your  
Society issues respecting  
W.S. in New Zealand  
& Australia. I remember  
seeing some time ago  
a pamphlet giving  
details of the legislation  
in New Zealand & Australia  
since the enfranchisement  
of women. If you could  
send me a dozen  
copies of this, (enclosing  
the account also) I  
should be much obliged.  
Thanking you for your letter  
Believe me  
Yours faithfully  
(Miss) E. Clancey
