Dear May,

So many thanks for your dear letter of

Good wishes for my birthday & for my very nice hand

women pumps which accompanied it. It proc.

me a skirt which, up to the arrival of the

G. D. present, had no appropriate "top"; So you know

but up in a very useful present for me. I wish we

could have been with us at the Crosby Hall gathering.

It was so very intimate & friendly, so I hope we are

well at all times. Agnes & I and Philippa enjoyed

it all very much. ^{on the 27th} when we were in London

must so and so - in international hotel on Warrington Street

Give you very lovingly
