VALNOR,
MOSS LANE,
PINNER,
MIDDLESEX.

March 2nd

1913

Dear Miss Billingham

I enclose Dr

Forward's letter, in reply
to one from me, in which
I enquired whether it were
true that, although aware
of your paralysed condition
and nasal deformity, he

VALNOR,
MOSS LANE,
PINNAC,
MIDLESEX.

nevertheless attempted to
feed you through the nose,
& then, finding that impossible,
he actually broke a tooth
& fed you that way. You
will see he flatly denies
these statements! Make
whatever use you can of
his letter, but leave me

out, because I wrote to
him as a sympathizer, in
order to draw him. But
you might challenge him
to disprove your statements
& ask why, since he has
sent a private denial,
he does not publish a
public one. Let it be
clear that you obtained
his letter through a

mutual acquaintance, & that
it was written to one who
was anxious to clear his
name.

I feel so glad to have
met you yesterday &
been introduced to you
by Mrs. Ferrero.

Yrs. sincerely

Trabel F. Norman

P. S. You must not confront
him with the letter direct, or
he will know I was "having" him.

Dear Madam

I beg to acknowledge & thank you for your letter of the 19th inst to which I can only briefly reply to the effect that the statements you refer to, are absolutely baseless & slanderous

Yours truly

Signed, Miss Ed Forward.

H. D. Haben Esq.

Dear Sir

When attending Miss
May Billingham professionally
on Feb. 19th I found that the
enamel on an upper right molar
tooth had been chipped, leaving
a jagged surface which had
to be ground + polished in
order to remove the discomfort
to ^{the} tongue

Yours truly

Signed

C. Hughes Williams
