Dear Miss Stacey.

Your letter of the 16<sup>th</sup> has just reached me here. I am sorry to say that I cannot accept the post of Treasurer of the National Union of Womens Suffrage Societies. As you know I am always ready when possible to give my services to the suffrage cause but I have too much work of another kind to be able

17/1930 cont

to give ~~the~~ active support to this  
movement all the year round  
and as I already belong to more  
organisations than I can attend  
to effectively I do not become an  
Officer of another society.

Believe me

yours very truly
