Dear Mrs. Atkinson & Evelyn,

So very many thanks & you both feel dear like for
both of you rec^d this morning. Yes. I often contrast the meeting
in South Wales 10 & 20 years ago with this present.

highly satisfactory condition today. I was looked & many

through the streets of Cardiff by hundreds of students & women in

1908: but this only makes our present position more

gratifying! Always yours affectionately & gratefully

M. G. Dewart
