April 6th 1912.

Dear Dr. Wilks,

That will be

quite all right about the
Vichy water & the Vesettes,
but please don't bother to
send them in, for it is no
trouble for us to get them —
is just your site in me
the Vichy now, & we shall have

The other things is to say it
two.

I have taken her into hospital
chiefly, indeed I may say altogether,
because the confinement is the
ordinary one appeared to be
to be a rather severe strain on
her nerves. She is immensely
pleas'd since she has been in the
ward with the others, and
I propose accordingly to keep her
there.

Yours very truly,
W. C. Sullivan
