## MANUFACTURED FUEL TRADE

THIS REPORT on the Manufactured Fuel Trade relates to stablishments engaged wholly or mainly in the manufacture of fuel briquettes, ovoids, etc.

This trade is included in minimum list heading $29(3)$ in the Standard Industrial Classification.

Any establishments in Northern Ireland are excluded in 1948; no production was recorded there in this trade for 1935.

## Summary

## Larger establishments

## table I

Gross output (production)
cost of materials and fuel used
Payment for work done on materials given out
Net output
Wages and salarles of persons employed
Average number of persons employed
Net output per person employed
Stocks at end of year
Fin1shed products and work in progress
Matertals and fuel
Number of establishments
(a) For an estimate of the total number of persons employed in this trade see Table 3 . The values of gross output and of materials and fuel used are derived in the following way:-

## Output of f1ms in this trade

Total value of sales (1948) or production (1935)
Principal products (see Table 8)
Other output (see Table 10)
Adjustment for changes in stocks and work in progress (see Table 14)

Less payment for transport by other firms Gross output (production)

Materlals and fuel used by firms in this trade Purchases (see Table 13)
Adjustment for changes in stocks (see Table 14)
Materials and fuel used
