Outdoor Relief List.

The Out-Relief List. In this book shall be entered, in one of the Forms in the said Schedule set forth, the Sums of Relief in Money & the Value of Relief in Kind, given by the Relieving Officer to or for each Pauper relieved by him in each week. The Entries shall include only Relief given to the Pauper himself, or to some Person properly authorised to receive it, and shall be made after the Relief has been actually so given, and not before or otherwise. In this Book shall also be entered, in the proper columns, the Numbers of Individuals of any of the several Classes relieved in each case, and the other Particulars in the form in the Schedule set forth. The Relieving Officer shall enter up ~~in~~ this Book every Week, & shall complete the same at the end of every half-year, taking care that no Pauper appears in such Relief List more than once in the Half-year, unless there shall be some alteration in the circumstances of the case.

Instructions for filling up this form

- (1) If an able-bodied man, being head of the family, is sick or temporarily disabled, he is to be entered in column 2; if out of work, in column 4; and in either case the whole family dependent on him are to be entered as chargeable in columns 5 & 6.
- (2) If the relief is given on account of the sickness of a wife or a child, or specially for a wife or child, the wife or child only, & the head of the family, are to be inserted in the list; the man in the case of such sickness in column 3, and in any other case in column 4, the wife or child in column 5 or 6. If the relief is given on account of the funeral of any member of a family, the surviving head of the family only is to be entered as the person relieved; if there be no surviving head of the family, then the person buried must be considered as the pauper. Relief given to women & their children dependent on them is to be entered in the proper columns in the same manner.
- (3) Non-resident paupers, when paid through the Relieving Officer, are to be entered under the name of the Parish in which they are settled, but non-settled paupers residing in the Union, whose relief is to be repaid by other Unions, are to be entered

under the name of the Parish where they reside. Vagrants must be entered under the name of the Parish where the application was made to the Relieving Officer where the Out-Door Relief List for Vagrants is not kept; but where it is kept, the total number of vagrants & the amount of Relief should be entered, and not their separate names.

(4) The same person is on no account to be entered twice in the half-year, either in the money or statistical portion of this Relief List, unless there shall be some alteration in the circumstances of the case.

(5) In the column headed "Name of the Pauper," the name of the head of the family alone is to be inserted.

(6) The number of each class of paupers actually relieved on the first of January and on the first of July is to be shewn at the beginning of the Out-door Relief List, a portion of the List being set apart and ruled for that purpose. By persons in the receipt of relief on these particular days is meant not only persons to whom relief is actually given on either of

these days, but persons whose allowance is for any period which includes either of these days.

(7) The totals marked (a) being the quarterly totals of the relief in money & kind, will answer to the cross-castings of the previous thirteen "Weekly Totals." The final total marked (b) will be the amount of the two quarterly totals; the column of totals for the half-year being obtained by cross-casting for each pauper the quarterly totals in money & kind respectively.

(8) Where relief in kind is administered through the medium of Tickets upon Tradesmen, all relief out of the cash in the Relieving Officer's hands, whether in money or articles of necessity, is to be entered as money. Relief given from the Workhouse stores should be entered as in kind.
