The front of these houses consists of 2 rooms

ow the ground floor; the back consists of 2 rooms ow the upper storey and there is a little stair-case at the back which is the special entrance to the upper storey - the reason that so many are empty is because the Saw Mills of E. Dale & Co., where numbers of these tenants were employed, have failed & people will not live in this den unless compelled to live near their work in this neighbourhood - all very poor people - a close little den, where respect. people will not live altho' the houses are kept in good repair by the Wenlock estate in connection with the Wenlock baths -
