

of deaths have been certified and recorded on the register in the usual manner. The following statements in which these figures are shown are given in the Table.

I have the honor to be,
Sir,
Your faithful servant,
GEORGE GAHAN,
Registrar-General.

ANNUAL ABSTRACTS

OF

BIRTHS, DEATHS, AND MARRIAGES.

1856.

* The Registration Counties consist of groups of entire Registration Districts; which Districts are, in general, identical with the Poor Law Unions. As the principle adopted has been to place a District or Union which extends into more than one

County with the County in which either the principal town or the greater part of the population is located, the limits of the Registration Counties differ more or less from the boundaries of the Counties proper.

Act of 6 and 7 Wm. IV. c. 86, in the Year ending December 31st, 1856.

I.—LONDON.—

Table of Marriages in London, 1856. Columns include Districts, Area, Population, Total Marriages, and breakdown by Rites of the Church and Registrar's Office.

II.—SOUTH EASTERN COUNTIES.—

Table of Marriages in South Eastern Counties, 1856. Columns include Districts, Area, Population, Total Marriages, and breakdown by Rites of the Church and Registrar's Office.

* The Districts are collections of contiguous Parishes or Places, combined for purposes connected with the Registration of Births, Deaths, and Marriages; and are generally identical with the Poor Law Unions of the same names. The Districts are arranged according to their local position under the Registration Counties.

MARRIAGES in the Year 1856—in DISTRICTS.

Table of Marriages in Districts, 1856. Columns include Registered in the Quarter, Contracted between, Of, Of Persons not of Full Age, Signed the Marriage Register with Marks, and Districts.

MARRIAGES in the Year 1856—in DISTRICTS.

* The Registration Counties consist of groups of entire Registration Districts; which Districts are, in general, identical with the Poor Law Unions. As the principle adopted has been to place a District or Union which extends into more than one County with the County in which either the principal town or the greater part of the population is located, the limits of the Registration Counties differ more or less from the boundaries of the Counties proper.

† Some of the births—especially of illegitimate children in London and large towns—escape registration.

MARRIAGES, BIRTHS, and DEATHS registered in the Year 1856—continued.

* The Districts are collections of contiguous Parishes or Places combined for purposes connected with the Registration of Births, Deaths, and Marriages; and are generally identical with the Poor Law Unions of the same names. The Districts, 623 in number, are arranged according to their local position under the Registration Counties.
 † For a table of the Deaths in the principal Public Institutions situated in the Districts of London see pages 83-4.
 Note.—Wherever the minus sign is prefixed to the number in the column headed "Excess of Births over Deaths," it denotes that the Births in the District, instead of exceeding the Deaths were, in fact, less than the Deaths to the extent stated.

II.—SOUTH EASTERN COUNTIES.—MARRIAGES, BIRTHS, AND DEATHS, 1856—DISTRICTS—continued.

DEATHS of FEMALES from different Causes registered in each of the REGISTRATION COUNTIES in the Year 1856—continued.

Table with columns for FEMALES (Divisions VII-XI) and rows for CAUSES OF DEATH (4-106). Includes sub-headers for Leicestershire, Rutlandshire, Lincolnshire, Nottinghamshire, Derbyshire, Cheshire, Lancashire, West Riding, East Riding (with York), North Riding, Durham, Northumberland, Cumberland, Westmorland, Monmouthshire, South Wales, and North Wales.

ENGLAND AND WALES.—SUPPLEMENTARY TABLE of the

[The principles upon which the Causes of Death are tabled have been explained in previous Annual Reports. It will be sufficient to state now that all the Diseases, either having a distinct character, or fatal to any considerable number of persons, are classified under 107 heads; some of which, however, include groups of very distinct diseases,—such as are fatal to only a few persons, or diseases which are often confounded with other diseases. The rule has been to refer the distinct diseases to heads under which the cases were so numerous, that the additional numbers would not interfere with the calculated proportions. Thus mumps was the cause of 94 deaths (Males and Females) in the year 1856, and scarlatina of 14,066. The mortality of

CAUSES OF DEATH at different Periods of Life, in the Year 1856.

scarlatina, deduced by dividing the deaths from that disease, plus 94, by the total population of England, will be found to differ little from the mortality from scarlatina alone. Where it is desired, partial correction however can now be made by means of the following Supplementary Tables, containing many of the deaths from distinct diseases, such as mumps, glanders, epistaxis, piles, dry gangrene, polypus, rickets, bronchocele, &c. &c., and deaths from other forms of disease, such as softening of the brain (necrencephalus), which are returned in many cases under other heads, as paralysis, &c.

These Tables are an extension of the Tables of Causes of Death in England, pp. 120-123.]

* Excluding Hanwell Lunatic Asylum, the mortality in the Uxbridge district was 20 to 1,000 persons living.
 † In calculating the mortality for the ten years 1841-50 the districts of Wycombe and Henley are combined, as likewise are the districts of Headington and Oxford.

Population 1851, Average Annual Rate of Mortality from All Causes in the Ten Years 1841-50, and Deaths from several Causes in the Year 1856, in the DISTRICTS of England—continued.
