## ➤ STRONGER ECONOMY

Small firms need a strong economy to grow and create jobs, but leaving Europe would hit our economy so households would be £4,300 worse off and public services would be hit by £36 billion in cuts *(Sources: HM Treasury).*

## ➤ OPPORTUNITIES FOR SMALL BUSINESSES

Being in the EU single market means UK small businesses can trade in a market of 500 million consumers across the EU, without barriers or tariffs.

## ➤ MORE TRADE

Over 200,000 British businesses trade with the EU, with 100,000 small businesses exporting to the EU in 2014 *(Source: HMRC).*

## ➤ MORE JOBS

Over 3 million UK jobs are linked to our trade with the EU, 650,000 in London *(Source: HM Treasury).*

## ➤ BETTER FOR CONSUMERS

The London School of Economics has shown that being in Europe means lower prices in shops, with the average UK household saving over £350 a year. *(Source: London School of Economics).*
