It there is any respectability in the block, it is in Bennett Street. The block are worse than outside, being in a colony by themselves, & more slummy (R.C.) They are mostly loafers who do an occasional day's work, when there is no money. There are some excellent workers in regular work, these are fine, & who then shut themselves. The poor state affects the block; there is no trouble lately there. All the best work no doubt went to Rotterdam.
