This is a respectable block consisting mainly of the St. Peters Park Estate. This Estate has increased wonderfully the last 6 or 8 years Insatiable builders have taken possession of its cricket fields & transformed them into nice streets of grooved houses, built for 3 families, although in many cases the family hold the whole house - subletting being a pleasure yet to come. They are inhabited to a large extent by clerks &c & those mechanics who have the courage to prefer the monotony of a quiet respectable street, decent rooms & low rents to the questionable pleasures of more exciting thoroughfares nearer the heart of the great city. Ground rents are rather heavy as most of the land belongs to the Ecclesiastical Commissioners.

Chippenham Road & Elgin Avenue are part rather melancholy spectacles. The houses being too large for a moderate family & a good one would not care for the neighbourhood) so they are sublet with (in some cases) rather dis-astrous results. Most of the houses have a decent sized garden at the back more or less cultivated according to the taste of the proprietor & a plot in front generally planted with plane trees or some small evergreen. Green's End - about 30 shops & large business places - most are inhabited, but no children. (Continuation of Wellington St.)

The people here are mainly employed in Woolwich arsenal, while some are at Albert Docks & others in Siemens Electric Teleg. factory or Becketon Gas works. About 250 of the heads of families are pensioners, & are employed at the arsenal, in the Royal Dockyard, & the Military academy (as cadet-servants). There is an unusually large number of widows & deserted women (136 with school ch.), who largely find employment in making cartridge bags

The Albany Estate. modern built houses

Board Schools - Cobourg Road 2d. Scarsdale Road 2d. & Ilfracombe Rd. 1d & 4d.

These houses on Albany Estate are as a rule well built & kept in decent repair but the class of people inhabiting are very shifty the agents not being particular enough to whom they let, not over fond of paying rents.

Whites finger Boxes Factory employing about 150. & just outside district there is a large collar factory (Cooper's) about 300.

The "Albany Estate" is very closely built; mostly three-storied houses, built almost back to back so that there is no privacy to be obtained. Nothing to attract the better class working man 9A.

National — All Saints 2d 3d 14d

There has been a good deal of rebuilding lately which has greatly improved the district. This district is happily clear of bad moral character, & forms about the best part of Walworth. The block consisted of Walworth proper about 10 or 12 years ago. B is older & rougher & people very improvident & but not much real poverty.

| Many of the men find employment in the railway & in Kynaston's ~~factory~~ other piano factories adjoining & a large color factory in Spring Place. The wives of the working class are employed in the many laundries round about. Mr McDonell has been on Kentish Town for about 17 years & has a thorough knowledge of the district. There is not much real want, but of course the bulk of the people live from hand to mouth. The means of the men are largely augmented by their wives, especially in the winter. Somers Town demolitions filled this district up & forced up the rents. | | | | | |
