Housing Return for England and Wales as at 30th April, 1946

This return is the fourth of a series of monthly progress statements on housing in England and Wales. The figures in the present return show the position up to 30th April, 1946.

The *first issue included general explanatory notes which have not been repeated in this return. It also includes an Appendix A giving general tables relating to England and Wales as a whole and to various subdivisions by types of authority and by geographical distribution.

A detailed statement for each of the 1,469 housing authorities will shortly be published as a separate document (Appendix B).

TOTAL PROVISION OF HOUSING ACCOMMODATION SUMMARY

A new form of report for recording progress in the provision of housing accommodation was introduced into use in April. The report provides data previously not available and enables some of the figures to be published in more detail than was possible in previous returns. The total number of new permanent houses, flats, temporary houses and other units of family accommodation provided has been as follows:—

	At 31st March, 1946	At 30th April, 1946	Increase
New Permanent Houses	741	1,071	330

Grand Total	135,951	149,225	11,613

The grand total of new housing accommodation provided to the 30th April does not include the number of family units of accommodation secured by the repair of unoccupied war damaged dwellings and the conversion and adaptation of existing premises undertaken by private builders under licence in the year between 31st March, 1945 and 31st March, 1946. Information under these two heads has become available for the first time in regard to April. The increase in total accommodation provided in April shown above does not allow for the increase under these two heads.

Besides the total provision of additional accommodation as set out above, 553,000 dwellings which were damaged during the war but not so severely as to be unfit for occupation were repaired during the thirteen months ending 30th April, 1946.

USE OF EXISTING PREMISES

Apart from new building additional accommodation for family units has also been provided by local authorities and by private builders under licence by the repair or adaptation of existing premises.

OTHER HOUSING ACCOMMODATION

A total of 25,996 flats and houses of less than 12 rooms was released from occupation by the Services and Government Departments over the period 1st May, 1945, to 31st March, 1946. Some of the dwellings on release were taken over by the local authorities.

The total number of requisitioned dwellings held by the local authorities for residential purposes was 88,198 at the end of April; of these 54,499 were situated in the London region.

PROGRESS OF INDIVIDUAL HOUSING AUTHORITIES

Of the total of 1,469 authorities there were at the 30th April, 1946, 88 authorities who had as yet no sites of which possession had been obtained. Of these authorities 56 were urban areas and 32 rural districts. The population in the area of these authorities represents 1.7 per cent. of the total population of England and Wales. There were 125 authorities who had not obtained authority to go to tender on a specific scheme. The population in the area of these authorities represents 3.3 per cent. of the total population of England and Wales.

See also Appendix A, Table 7

HOUSING LABOUR FORCE

The total number of operatives aged 16 and over, excluding prisoners of war, employed on the construction or repair of housing in England and Wales, whether on work for local authorities or on private contracts under licence, grew from 320,400 in July, 1945, to 449,100 at 26th April, 1946. At 31st March, 1946, the number so employed was 445,300. Within the total housing labour force, the number employed on war damage repairs decreased from 179,200 at 31st March, to 168,200 at 26th April, while the number employed on the construction of permanent houses grew from 62,200 to 74,000.

APPENDIX A
NOTES

The material contained in this return is derived from a census of the housing position at 31st December, 1945, and the reports of subsequent progress completed by the local authorities. At the 15th April, 1946, reports of progress in February and March had not been received from 1 authority. Reports of progress in April were due to be received by the 5th May, 1946. Reports received after 10th May arrived too late to be included in the figures shown in this report relating to progress in April. By 10th May, 1946, 1,346 reports had been received.

Classification of Urban and Rural Authorities

The classification of Urban Authorities other than the L.C.C. and Metropolitan Boroughs into Large Towns and Cities, Medium Towns and Cities and Small Towns has been made in terms of population. The classification has been made as follows based on the estimated population at mid-1939 as returned by the Registrar General.

Large Towns and Cities	over 75,000
Medium Towns and Cities	over 25,000 and up to 75,000
Small Towns	25,000 and under

The Rural Authorities comprise all Rural District Councils.

The total population of England and Wales as at mid-1939 is divided between the various groups of cities and towns and Rural Authorities as follows:—

	<i>Number of Housing Authorities</i>	<i>Estimated Population</i>	<i>Percentage of total in England and Wales</i>
Urban Areas			
Large Towns and Cities	81	14,655,000	35.3
Medium Towns and Cities	218	9,116,000	22.0
Small Towns	665	6,399,000	15.4
L.C.C. and Metropolitan Boroughs	30	4,013,000	9.7
Rural Authorities	475	7,277,000	17.6
Total	1,469	41,460,000	100.0

Regions

Certain changes in the composition of the Northern, North Midlands and North Western Regions were made as from 1st April, 1946. As from the same date the "North Eastern Region" is to be known as "East and West Ridings". The description and composition of the Regions is now as follows—

<i>Northern</i>	Cumberland, Durham, Northumberland, Westmorland and the North Riding of Yorkshire.
<i>East and West Ridings.</i>	The East and West Ridings of Yorkshire.
<i>North Midlands</i>	Derbyshire (except the High Peak District), Leicestershire, Lincolnshire, Northamptonshire (including the Soke of Peterborough), Nottinghamshire and Rutland.
<i>Eastern</i>	Bedfordshire, Cambridgeshire (including the Isle of Ely), Essex, Hertfordshire, Huntingdonshire, Norfolk and Suffolk, except such parts of Essex and Hertfordshire as are within the London Region.
<i>London</i>	London (Administrative County), Middlesex and parts of Kent, Essex, Hertfordshire and Surrey.
<i>Southern</i>	Berkshire, Buckinghamshire, Dorset, Hampshire (including the Isle of Wight) and Oxfordshire.
<i>South Western</i>	Cornwall, Devon, Gloucestershire, Somerset and Wiltshire.

<i>Wales</i>	The whole of Wales and Monmouthshire.
<i>Midlands</i>	Herefordshire, Shropshire, Staffordshire, Warwickshire and Worcestershire.
<i>North Western</i>	Cheshire, Lancashire and the High Peak District of Derbyshire.
<i>South Eastern</i>	Sussex, Kent and Surrey except such parts of Kent and Surrey as are within the London Region.

The changes in regional composition referred to above should be borne in mind in comparing the regional classifications shown in the Tables in Appendix A in this return with those shown in previous returns.

The total population of England and Wales as at mid-1939 was divided between the Regions as now defined as follows:—

	<i>Number of Housing Authorities</i>	<i>Population at Mid-1939</i>	<i>Percentage of total in England and Wales</i>
<i>Northern</i>	123	3,003,100	7.3
<i>East and West Ridings</i>	118	3,975,700	9.6

Total	1,469	41,460,000	100.0

Tables 8 and 9

Table 8 shows the number of sites at different stages from the initial stage of selection to the stage when the site is available for construction.

Between the selection of the site and the completion of houses ready for occupation there is a long chain of events equivalent to the "pipeline" of materials and components of mass production in the engineering industry.

In general the use of the site for housing requires consideration from the point of view of regional and town planning, local transport facilities and so on. Sites have then to be acquired, a layout agreed, and roads, sewers and other services provided generally in advance of beginning the actual erection of houses. The actual construction of the houses themselves is the final process in the chain of production, which also, of course, comprises the fabrication of building materials and components ready for use.

During the early stages of expanding the volume of house building, the number of house sites under development and the number of houses under construction and so on will continue to rise in advance of a corresponding increase in the number of houses completed. As the production of houses by Local Authorities evolves into a smooth and continuous cycle of operations, the number of houses or house sites at the various stages in the chain of production will tend to be roughly equal.

Table 9 shows the number of houses at different stages towards completion beginning with the preparation of house plans.

Many of the initial stages in the erection of houses such as the preparation of house plans, bills of quantities and the chain of events leading to the acceptance of a tender are, in many cases, undertaken concurrently with the work of developing the corresponding sites.

House sites shown in Col. 7 are included only in Cols. 2 and 3. The March tabulation of sites was subject to a general revision as mentioned in the Note to Table I in last month's return. Following publication it was ascertained that some temporary sites were mechanically tabulated both with permanent sites, as well as in their correct categories. The figures for March have now been corrected.

APPENDIX B
TO THE
HOUSING RETURN FOR ENGLAND AND WALES
30TH APRIL, 1946
TABULAR STATEMENT FOR EACH HOUSING AUTHORITY

NOTES

1. An alphabetical index of Regions and Counties is shown on page 78.
2. The data shown in this Appendix has been based on Appendix B to the Housing Return for England and Wales for the 31st January, 1946, and includes additions and alterations notified in monthly Progress Reports up to and including April, 1946, received from Local Authorities. In cases where entries in the Progress Reports were incomplete or inconsistent the information contained in this Appendix has been compiled in the light of evidence contained in the Census Return and in the Progress Reports as a whole. The tabular statement shows the position as at the 30th April, 1946. In certain instances Progress Reports have not been received in time for inclusion. Those local authorities in respect of whom Progress Reports for April, 1946, were not received in time for inclusion are marked with *. The data in respect of permanent housing shown for such authorities relates to the position as at the 31st March, 1946.
3. Information has been included in this Appendix from some Progress Reports received too late for inclusion in Appendix A of the Housing Return.
4. Data in respect of rebuilding of war destroyed houses is included for the first time (Columns (6), (7), (17) and (18)). These columns have been compiled from information contained in the new form of Progress Report introduced for April, 1946, and from information relating to the preceding period received from the War Damage Commission. Compilation of data for consecutive periods from two sources has presented certain difficulties and the resulting figures may in some cases require adjustment.
5. The term "under construction" in Columns (4), (6), (15) and (17), means that the contractor has actually begun work on the construction of the dwellings. In some instances work has begun on all dwellings in a particular contract; in a few cases it would appear that all the dwellings in a particular scheme have been shown as "under construction" on the Progress Report although work has not necessarily started on all of them.
6. In certain instances the Ministry of Works are undertaking the erection of groups of experimental permanent prefabricated houses on sites provided by housing authorities. These houses have been included in the data shown for the authorities concerned.
7. The number of temporary houses allocated to housing authorities is under constant review. Where the allocation is less than the number of sites available subsequent allocations may be made.
8. Where Tenders (or Estimates in the case of Direct Labour) for site development (Roads and Sewers) have been approved by the Ministry of Health but where work on the site has not yet begun, the sites have not been shown as under development (Column (2)).
9. In the few instances where sites developed before the war by private enterprise are being taken over by the local authority but possession has not yet been obtained, the relevant figures have been entered in Column (2).
10. Permanent Houses. The figures in all columns except Columns (4) and (5) are not included in any other column. "Houses under construction" (Column (4)) and "Houses completed" (Column (5)) are included in "Houses on Tenders Approved" quoted in Column (3).
11. It should be noted that the greater part of the housing provision for the County of London is made by the London County Council. It is not, therefore, possible to relate the data shown in this Appendix for each Metropolitan Borough to the housing needs of the population of the Borough.
The bulk of the preliminary work in connection with the provision of permanent houses made by certain housing associations in the County of London area is undertaken by the Metropolitan Boroughs. The information is included in Columns (14), (15) and (16).
Certain data on temporary houses in respect of the London County Council and the Metropolitan Boroughs have been consolidated.
12. The total number of dwellings on licences issued (Column 14) includes licences issued both in regard to new dwellings and to the rebuilding of war destroyed dwellings. An analysis of the respective numbers falling into these two categories is shown in Tables 4 and 5a of Appendix A to the Housing Return for 30th April, 1946.
The total number of licences shown in Column 14 also takes into account information received from local authorities in respect of any licences that may have lapsed in the period ending 30th April, 1946. The data received in respect of licences may not in all cases be complete and may, therefore, be subject to correction.
