Housing Return for England and Wales as at 31st August, 1946

This return is the eighth of a series of monthly progress statements on housing in England and Wales. The figures in the present return show the position up to 31st August, 1946, and relate from 1st April, 1945. The return includes an Appendix A giving general tables relating to England and Wales as a whole and to various subdivisions by types of authority and by geographical distribution.

The *first issue included general explanatory notes which have not been repeated in this return.

A detailed statement for each of the 1,469 housing authorities will shortly be published as a separate document (Appendix B).

PERMANENT HOUSES—LOCAL AUTHORITIES

The following figures show the progress made on the construction of permanent houses by local authorities by 31st August, 1946, compared with 31st July,

1945, and 31st July, 1946. Experimental houses erected on behalf of the local authorities by the Ministry of Works and non-traditional houses have been included:—

The figures shown above do not include houses built in replacement of those destroyed during the war, which are shown separately on page 5. Figures in respect of non-traditional houses are also shown separately below.

See Appendix A, Table 2

PERMANENT NON-TRADITIONAL HOUSES

With the object of accelerating the rate at which houses can be erected a number of methods of house construction have been evolved which, for ease of reference, are known as "non-traditional". Included in this category are types that have been referred to as "permanent prefabricated". In Appendix A, Table 11, a list of the main types is given together with details regarding the numbers of each type for which tenders have been approved and the numbers completed. Information regarding the development of sites and the preparation of housing schemes for non-traditional houses is included in the figures shown in Appendix A, Tables 1, 2, 8 and 9.

The position as at 31st August, 1946, was as follows:—

Tenders approved	27,745 ^(a)
Houses—construction begun	11,452
Houses—under construction at end of period	10,785
Houses completed	667

(a) A further 13,990 B.I.S.F. houses have been allocated to Local Authorities.

See Appendix A, Table 11

The figures shown above do not include houses built in replacement of those destroyed during the war, which are shown separately below.

Houses being built by Housing Associations have up to date been included in the numbers shown as being built under licence. This month they are being shown separately in Appendix A, Table 4 (b). New dwellings being erected by private builders are shown in Appendix A, Table 4 (a).

The total number of houses on licences issued by the end of August has been arrived at after allowing for those licences notified as having lapsed.

See Appendix A, Table 4 (a)

PERMANENT HOUSES—HOUSING ASSOCIATIONS

The number of houses being erected by Housing Associations (other than the rebuilding of war destroyed premises) is shown separately for the first time.

The number of houses on licenses issued or in respect of which approval has been given and the number of houses completed to the end of July and August, 1946, respectively, are as follows:—

See Appendix A, Table 4 (b).

REBUILDING OF WAR DESTROYED HOUSES

The rebuilding of war destroyed houses by private builders to private contract can be undertaken only under licence. Rebuilding by local authorities can be begun with the approval of the Ministry of Health and War Damage Commission. The figures for August take into account information regarding houses approved and on licences issued and houses completed in earlier months which was not previously available. Information in respect of some Local Authorities is still incomplete and the figures quoted are subject to adjustment. The position at the end of August compared with that at the end of July, 1946, was as follows:—

USE OF EXISTING PREMISES

Apart from new building additional accommodation for family units has also been provided by local authorities and by private builders under licence by the repair or adaptation of existing premises.

Information in regard to such provision made by local authorities has been published in earlier housing returns. Corresponding information relating to

the provision made by private builders under licence was available for the first time in April, 1946. The data available may be summarised as follows:—

OTHER HOUSING ACCOMMODATION

A total of 28,999 flats and houses of less than 12 rooms was released from occupation by the Services and Government Departments over the period 1st May, 1945, to 31st July, 1946. Some of the dwellings on release were taken over by the local authorities.

The total number of requisitioned dwellings held by the local authorities for residential purposes was 91,030 at the end of August; of these 57,297 were situated in the London region.

Of the total of 91,030 requisitioned dwellings held by the local authorities, 69,275 were held at 31st March, 1945. From that date to 31st July, 1946, there was a net increase in unoccupied houses requisitioned by local authorities for residential purposes of 21,219 and a further 592 were requisitioned in August, making a net increase of 21,811 houses in the 17 months to 31st August, 1946.

PROGRESS OF INDIVIDUAL HOUSING AUTHORITIES

Of the total of 1,469 authorities there were at the 31st August, 1946, 34 authorities, excluding L.C.C. and Metropolitan Boroughs, who had as yet no sites of which possession had been obtained. Of these authorities 18 were urban areas (mainly small urban districts) and 14 rural districts; the population in these areas represents 0.6 per cent. of the total population of England and Wales. There were 43 authorities, excluding L.C.C. and Metropolitan Boroughs, who had not obtained authority to go to tender on a specific scheme. The population in the area of these authorities represents 1.3 per cent. of the total population of England and Wales.

See Appendix A, Table 7

HOUSING LABOUR FORCE

The total number of operatives aged 16 and over, excluding prisoners of war, employed on the construction or repair of housing in England and Wales, whether on work for local authorities or on private contracts under licence, grew from 320,400 in July, 1945, to 533,300 at 30th August, 1946. At 26th July, 1946, the number so employed was 521,800. Within the total housing labour force, the number employed on war damage repairs decreased from 156,000 at 26th July, to 148,000 at 30th August, while the number employed on the construction of permanent houses grew from 127,300 to 147,000.

APPENDIX A
NOTES

The material contained in this return is derived from a census of the housing position at 31st December, 1945, and the reports of subsequent progress completed by the local authorities. At the 13th September, 1946, reports of progress had not been received from 1 authority for the months April–August, from 3 authorities for the months June–August, from 1 authority for the months July and August and from 52 authorities for the month of August. Reports of progress in August were due to be received by the 5th September, 1946. Reports received after 13th September arrived too late to be included in the figures shown in this report relating to progress in August. By 13th September, 1946, 1,412 reports had been received.

Classification of Urban and Rural Authorities

The classification of Urban Authorities other than the L.C.C. and Metropolitan Boroughs into Large Towns and Cities, Medium Towns and Cities and Small Towns has been made in terms of population. The classification has been made as follows based on the estimated population at mid-1939 as returned by the Registrar General.

Large Towns and Cities	over 75,000
Medium Towns and Cities	over 25,000 and up to 75,000
Small Towns	25,000 and under

The Rural Authorities comprise all Rural District Councils.

The total population of England and Wales as at mid-1939 is divided between the various groups of cities and towns and Rural Authorities as follows:—

	<i>Number of Housing Authorities</i>	<i>Estimated Population</i>	<i>Percentage of total in England and Wales</i>
Urban Areas			
Large Towns and Cities	81	14,655,000	35·3
Medium Towns and Cities	218	9,116,000	22·0
Small Towns	665	6,399,000	15·4
L.C.C. and Metropolitan Boroughs	30	4,013,000	9·7
Rural Authorities	475	7,277,000	17·6
Total	1,469	41,460,000	100·0

Regions

Certain changes in the composition of the Northern, North Midlands and North Western Regions were made as from 1st April, 1946. As from the same date the "North Eastern Region" is to be known as "East and West Ridings". The description and composition of the Regions are now as follows—

<i>Northern</i>	Cumberland, Durham, Northumberland, Westmorland and the North Riding of Yorkshire.
<i>East and West Ridings.</i>	The East and West Ridings of Yorkshire.
<i>North Midlands</i>	Derbyshire (except the High Peak District), Leicestershire, Lincolnshire, Northamptonshire (including the Soke of Peterborough), Nottinghamshire and Rutland.
<i>Eastern</i>	Bedfordshire, Cambridgeshire (including the Isle of Ely), Essex, Hertfordshire, Huntingdonshire, Norfolk and Suffolk, except such parts of Essex and Hertfordshire as are within the London Region.
<i>London</i>	London (Administrative County), Middlesex and parts of Kent, Essex, Hertfordshire and Surrey.
<i>Southern</i>	Berkshire, Buckinghamshire, Dorset, Hampshire (including the Isle of Wight) and Oxfordshire.
<i>South Western</i>	Cornwall, Devon, Gloucestershire, Somerset and Wiltshire.

<i>Wales</i>	The whole of Wales and Monmouthshire.
<i>Midlands</i>	Herefordshire, Shropshire, Staffordshire, Warwickshire and Worcestershire.
<i>North Western</i>	Cheshire, Lancashire and the High Peak District of Derbyshire.
<i>South Eastern</i>	Sussex, Kent and Surrey except such parts of Kent and Surrey as are within the London Region.

The changes in regional composition referred to above should be borne in mind in comparing the regional classifications shown in the Tables in Appendix A in this return with those shown in returns published before 30th April.

The total population of England and Wales as at mid-1939 was divided between the Regions as now defined as follows:—

	<i>Number of Housing Authorities</i>	<i>Population at Mid-1939</i>	<i>Percentage of total in England and Wales</i>
<i>Northern</i>	123	3,003,100	7·3
<i>East and West Ridings</i>	118	3,975,700	9·6

<i>South Eastern</i>	99	2,299,900	5·5
Total	1,469	41,460,000	100·0

Tables 8 and 9

Table 8 shows the number of sites at different stages from the initial stage of selection to the stage when the site is available for construction.

Between the selection of the site and the completion of houses ready for occupation there is a long chain of events equivalent to the "pipeline" of materials and components of mass production in the engineering industry.

In general the use of the site for housing requires consideration from the point of view of regional and town planning, local transport facilities and so on. Sites have then to be acquired, a layout agreed, and roads, sewers and other services provided generally in advance of beginning the actual erection of houses. The actual construction of the houses themselves is the final process in the chain of production, which also, of course, comprises the fabrication of building materials and components ready for use.

During the early stages of expanding the volume of house building, the number of house sites under development and the number of houses under construction and so on will continue to rise in advance of a corresponding increase in the number of houses completed. As the production of houses by Local Authorities evolves into a smooth and continuous cycle of operations, the number of houses or house sites at the various stages in the chain of production will tend to be roughly equal.

Table 9 shows the number of houses at different stages towards completion beginning with the preparation of house plans.

Many of the initial stages in the erection of houses such as the preparation of house plans, bills of quantities and the chain of events leading to the acceptance of a tender are, in many cases, undertaken concurrently with the work of developing the corresponding sites.

The classification under these two heads in Sections B and C of the Table relates only to licences issued from January to August inclusive.

The total number of licences issued has been arrived at after allowing for those notified as having lapsed. The information shown in Sections B and C of the Table relates to the total number of licences issued as at the end of August.

Information in respect of new dwellings being built by Housing Associations now being shown in Table 4(b), was in previous months included with dwellings being erected by private builders under licence. For this reason strict comparison between this Table and Table 4 in earlier Returns is not possible.

Note.—The number of housing authorities at each stage in the above table is included in the figure at each subsequent stage towards the completion of sites and building schemes, e.g., authorities without sites of which possession have been obtained appear at each subsequent stage. The few housing authorities who have had layout plans approved, although possession of sites has not yet been obtained, have been excluded from Section A of this Table.

The greater part of the housing provision for the County of London area is made by the London County Council and the fact that no tenders have yet been approved for a number of Metropolitan Borough Councils does not mean that provision is not being made for the needs of those Boroughs.

APPENDIX B

TO THE
HOUSING RETURN FOR ENGLAND AND WALES
31st AUGUST, 1946

TABULAR STATEMENT FOR EACH HOUSING AUTHORITY

NOTES

1. An alphabetical index of Regions and Counties is shown on page 78.
2. The data shown in this Appendix has been based on Appendix B to the Housing Return for England and Wales for the 31st January, 1946, and includes additions and alterations notified in monthly Progress Reports up to and including August, 1946, received from Local Authorities. In cases where entries in the Progress Reports were incomplete or inconsistent the information contained in this Appendix has been compiled in the light of evidence contained in the Census Return and in the Progress Reports as a whole. The tabular statement shows the position as at the 31st August. In certain instances Progress Reports have not been received in time for inclusion. Those local authorities in respect of whom Progress Reports for June, July and August, 1946, have not been received are marked with §, * and † respectively. The data in respect of permanent housing shown for such authorities relates to the position as at the 31st May, 30th June, and 31st July, 1946, respectively.
3. Information has been included in this Appendix from some Progress Reports received too late for inclusion in Appendix A of the Housing Return.
4. Rebuilding of war destroyed houses. The data shown in Columns (6), (7) (17) and (18) has been revised in accordance with information received from local authorities in addition to that contained in Progress Reports, and from information received from the War Damage Commission. Certain information is still awaited in respect of some authorities. In such cases adjustments will be made in later Returns.
5. The term "under construction" in Columns (4), (6), (15) and (17), means that the contractor has actually begun work on the construction of the dwellings. In some instances work has begun on all dwellings in a particular contract; in a few cases it would appear that all the dwellings in a particular scheme have been shown as "under construction" on the Progress Report although work has not necessarily started on all of them.
6. In certain instances the Ministry of Works are undertaking the erection of groups of experimental permanent prefabricated houses on sites provided by housing authorities. These houses have been included in the data shown for the authorities concerned.
7. The number of temporary houses allocated to housing authorities is under constant review. Where the allocation is less than the number of sites available subsequent allocations may be made.
8. Where Tenders (or Estimates in the case of Direct Labour) for site development (Roads and Sewers) have been approved by the Ministry of Health but where work on the site has not yet begun, the sites have not been shown as under development (Column (2)).
9. In the few instances where sites developed before the war by private enterprise are being taken over by the local authority but possession has not yet been obtained, the relevant figures have been entered in Column (2).
10. Permanent Houses. The figures in all columns except Columns (4) and (5) are not included in any other column. "Houses under construction" (Column (4)) and "Houses completed" (Column (5)) are included in "Houses on Tenders Approved" quoted in Column (3).
11. It should be noted that the greater part of the housing provision for the County of London is made by the London County Council. It is not, therefore, possible to relate the data shown in this Appendix for each Metropolitan Borough to the housing needs of the population of the Borough.
The bulk of the preliminary work in connection with the provision of permanent houses made by certain housing associations in the County of London area is undertaken by the Metropolitan Boroughs. The information is included in Columns (14), (15) and (16).
Certain data on temporary houses in respect of the London County Council and the Metropolitan Boroughs have been consolidated.
12. The total number of dwellings on licences issued (Column 14) includes licences issued both in regard to new dwellings and to the rebuilding of war destroyed dwellings. An analysis of the respective numbers falling into these two categories is shown in Tables 4a, 4b and 5a of Appendix A to the Housing Return.
The total number of licences shown in Column 14 also takes into account information received from local authorities in respect of any licences that may have lapsed. The data received in respect of licences may not in all cases be complete and may, therefore, be subject to correction.
