Local Housing Statistics

England and Wales

1. **Local Housing Statistics** has been prepared by the Department of the Environment and the Welsh Office to provide figures for individual local authority areas in a quarterly publication. Corresponding figures for years before 1966 appeared in the former Appendix to the Housing Return for England and Wales.

The tables relating to the provision of new permanent housing and to slum clearance appear regularly in each issue. They show annual cumulative figures.

Supplementary tables on various other housing matters are included as data become available. The tables in this issue show houses in confirmed orders and purchased by agreement in clearance areas, and sales of local authority dwellings.

Supplementary tables published in previous issues are listed on Page iv.

2. **Definitions.** Detailed definitions of the terms used are to be found in the quarterly publication *Housing Statistics, Great Britain*. It may be noted that:

“Dwellings” include all new permanent houses and flats.

“Houses” in relation to slum clearance action has the meaning attributed to it for the purposes of Part II and Part III of the Housing Act 1957 (see para. 7).

“Local authorities” include local housing authorities and new town authorities.

“Other public authorities” include Government departments and housing associations.

“Regions” are the economic planning regions adopted in 1965. These only differ from the Standard Statistical Regions by including Poole Borough in the South West rather than the South East.

“Counties” are primarily the areas for which Lieutenants are appointed. Greater London as a whole is dealt with as a county. Stockport is dealt with as wholly in Chester. The part of Derbyshire in the North West region is shown as “Derbyshire (High Peak District)”. The county borough of York is included with Yorkshire, West Riding (until the end of 1968 it was included with Yorkshire, East Riding).

3. **Local authority areas.** Local housing authorities may provide housing either within or outside their own areas. The figures shown in Table 4 against the name of the authority include dwellings situated outside its area, for which particulars of completions are given separately in Table 5. Table 6 shows the distribution within and outside Greater London of dwellings completed by the Greater London Council, or by housing associations assisted by the Greater London Council. Authorities shown in Tables 5 and 6 are indicated in Table 4 by the following symbols:

§ An authority which completed dwellings in the area of another authority during the period.

|| An authority in whose area another authority completed dwellings during the period.

Other public sector and private sector dwellings are shown against the name of the authority in whose area they are situated.

4. **New towns.** Against the name of each new town are shown the dwellings built for the development corporation or for the Commission for the New Towns. These are all situated within the new town area and are not included in the figures for any other local authority. Private sector building within the new town area is included against the name of the authority or authorities in whose area the new town is situated, but is also shown separately in italics against the name of the new town and included in the new town total.

5. **Boundary changes.** Where the boundaries of local authority areas have been altered during the period shown, dwellings are shown in Table 4 against the local authority in whose area they are now situated.

6. **Adjustments to earlier returns** may occasionally result in a negative figure for an individual authority, when, for example, dwellings reported as started are subsequently withdrawn or there is a transfer from one sector to another.

7. **Unfit houses.** The figures in Table 4 show the number of houses (whether or not unfit) demolished in clearance areas under Part III of the Housing Act 1957, and the number of unfit houses demolished or closed elsewhere under Part II of the Act or certain other powers. Houses reported as closed in an earlier period which have subsequently been demolished under slum clearance action are excluded from the latter total; this may result in a negative figure for an individual authority. In Table 3 they are excluded from houses "closed". (Up to issue No. 8 the adjustment was made to "Houses not in clearance areas: demolished".) The London Borough distribution of houses demolished or closed by The Greater London Council is shown in Table 7.

8. **Population.** The figures are the latest available estimates of the home population prepared by the Registrar General.

9. **Index.** An alphabetical list of all local authorities and new towns in England and Wales is published separately. In addition to page references this shows the type of each authority and the region and regional sub-division in which it is situated. A map of the regional sub-divisions is included.

In Local Housing Statistics and in the Index certain boroughs are listed for convenience by a name in common use which differs from their correct title. They are:

- Dartmouth . . . properly Clifton Dartmouth Hardness
- Durham . . . properly Durham and Framwelgate
- Launceston . . . properly Dunheved, otherwise Launceston
- Salisbury (New Sarum) . . . properly New Sarum

[¶] Houses demolished in clearance areas and unfit houses demolished or closed elsewhere.

Supplementary tables

Houses in Clearance Orders and Compulsory Purchase Orders confirmed

1. Table 8 shows the number of houses included in orders confirmed during 1970 under Part III of the Housing Act 1957. Houses other than unfit are those included in a clearance area by reason of their bad arrangement or the bad arrangement of their streets, and those included for the purpose of securing a cleared area of satisfactory shape and size or capable of satisfactory development.

Houses purchased by agreement in clearance areas

2. Table 8 also shows the number of houses purchased by the local authority for demolition by agreement with the owner without having become the subject of a Clearance Order or Compulsory Purchase Order.

Sale of local authority dwellings

3. Table 9 shows the number of dwellings owned by local authorities (including county councils) and new towns which were sold or leased during 1970. Dwellings built for sale are those for which the acceptance of the tender was approved for the purpose.
