## TEMPORARY HOUSES

The total number of temporary houses allocated to local authorities was 124,455 and the programme was completed in December, 1948. In addition, 515 temporary houses were allocated to Government Departments. This programme was completed in January, 1949.

## REQUISITIONED PROPERTIES

A total of 33,412 flats and houses of 12 rooms or less was released from occupation by the Services and Government Departments over the period 1st May, 1945, to 31st March, 1954. Some of the dwellings on release were taken over by the local authorities.

The total number of requisitioned dwellings held by local authorities for residential purposes was 69,001 at the end of March; of these 51,570 were situated in the London Region.

Between 1st January, 1948, and 31st December, 1953, there has been a net decrease in unoccupied houses requisitioned by local authorities for residential purposes of 24,198, and a net decrease in the period January to March, 1954, of 2,504.

## SERVICE CAMPS—TEMPORARY ACCOMMODATION

In addition to accommodation already referred to, there were at 31st March, 1954, 29,258 families occupying accommodation in 1,325 camps redundant to the needs of the Services or Government Departments, which had been offered to local authorities for housing purposes and were considered suitable for those purposes. In the main these camps had been taken over by local authorities as part of their pool of housing accommodation or were being managed by them on behalf of the Ministry of Housing and Local Government.

Those family units of accommodation included in the number quoted above that are shown in the Summary on page 4, are at least up to the standard of the temporary accommodation already included in the Summary.

Notes:—Source—Board of Trade.

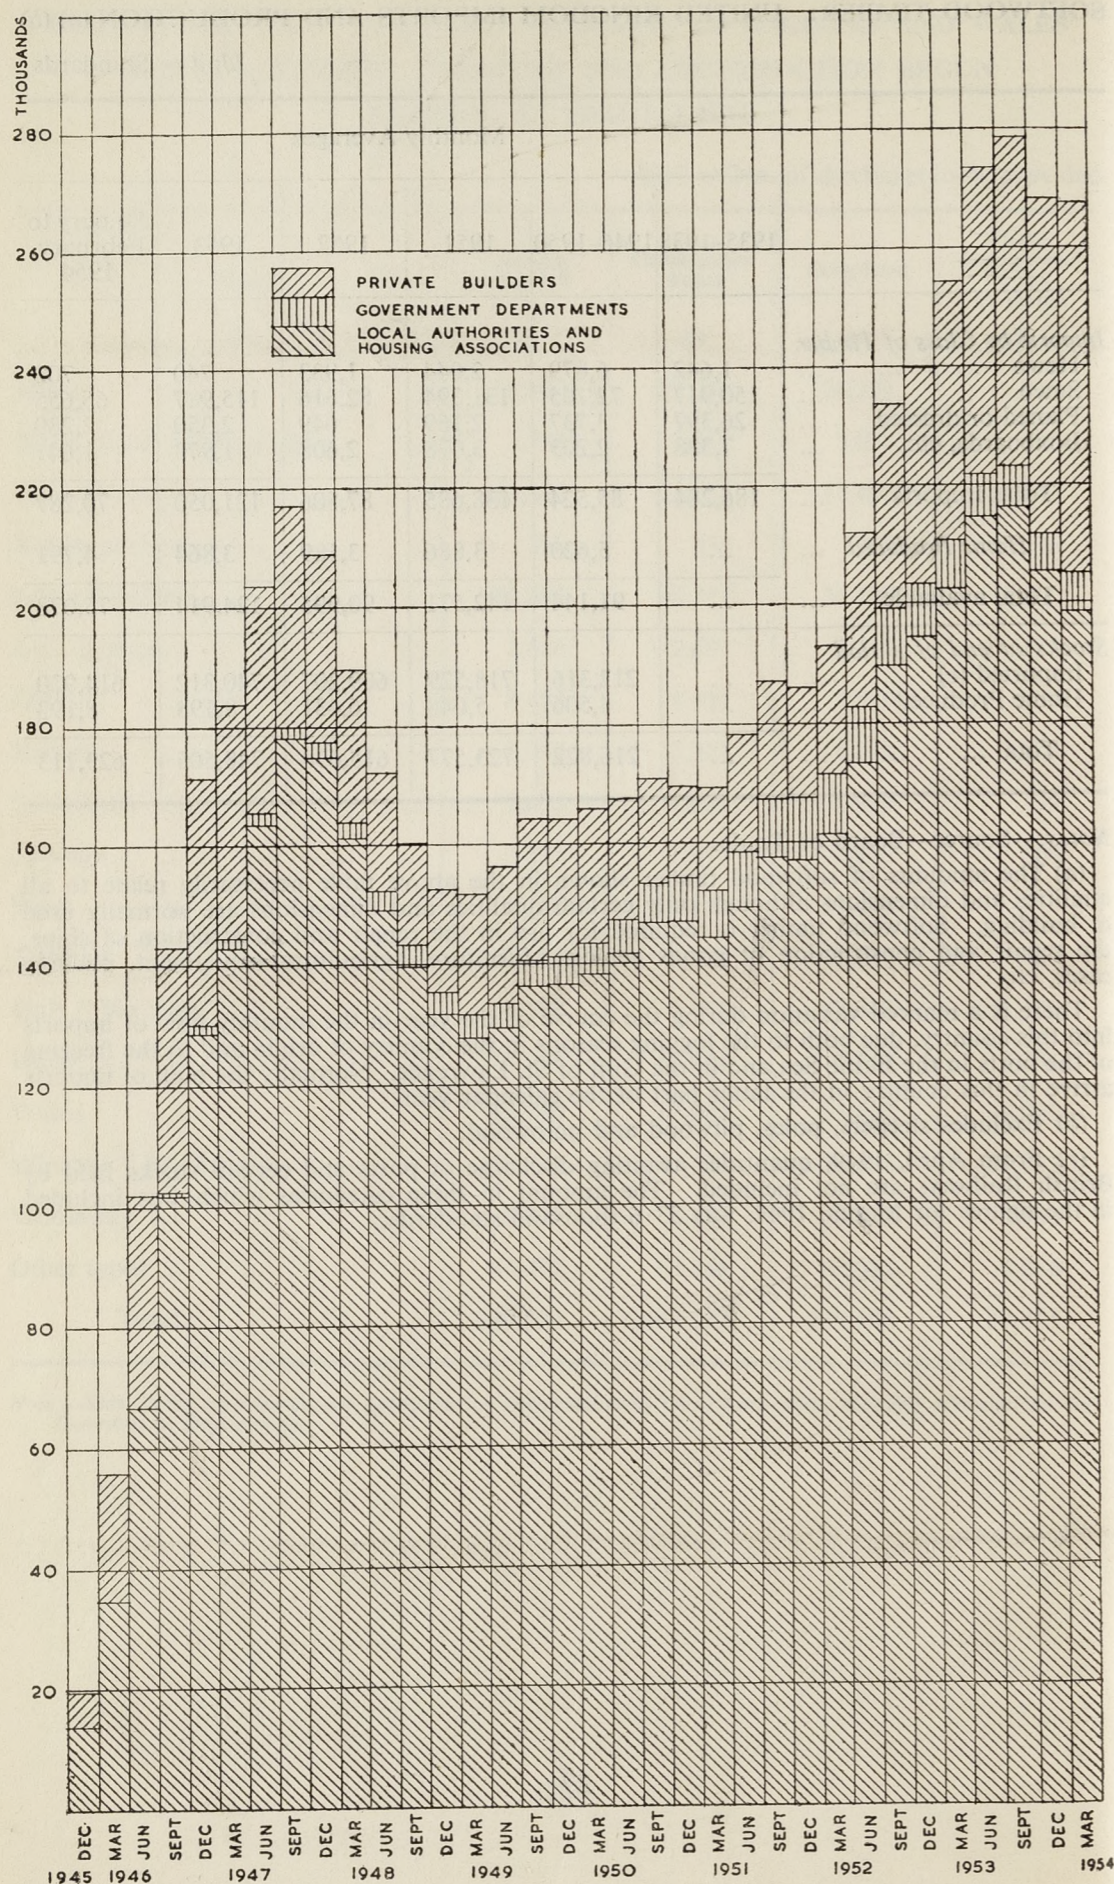

(a) The amounts of softwood timber shown in the above table necessarily relate to all qualities and dimensions although only certain qualities and dimensions are normally used in building. Softwood timber is required for use in the repair and construction of ships, the repair and construction of goods vehicles, furniture, agricultural equipment, packing cases, etc.

There is a marked variation during the course of the year in the monthly flow of imports into this country, due both to the logging seasons in the country of origin and to the freezing of the ports in the Baltic Sea and in the Gulf of St. Lawrence. Normally the bulk of imports arrive in this country in the latter part of the calendar year.

(b) Excludes sleepers, poles, pitwood and pulpwood.

(c) From April, 1949, quantities awaiting discharge at ports and certain stocks held by British Railways are not included. The amount in these categories which was included in the figures for March, 1949, was 33.6 thousand standards.

## USE OF EXISTING PREMISES

Apart from new building, additional family units of accommodation have also been provided by local authorities and by private builders under licence by the conversion or repair of existing premises.

Information relating to accommodation provided by private builders under licence became available for the first time in April, 1946. That in respect of the repair of unoccupied severely war-damaged dwellings may be incomplete for a few local authorities and the figures quoted are subject to adjustment. The position at the end of June, 1954, was as follows:—

		<i>Family Units of accommodation provided</i>	
		<i>1st April, 1945</i>	<i>1st April, 1945</i>

A total of 33,422 flats and houses of 12 rooms or less was released from occupation by the Services and Government Departments over the period 1st May, 1945, to 30th June, 1954. Some of the dwellings on release were taken over by the local authorities.

The total number of requisitioned dwellings held by local authorities for residential purposes was 66,479 at the end of June; of these 50,602 were situated in the London Region.

Between 1st January, 1948, and 31st March, 1954, there has been a net decrease in unoccupied houses requisitioned by local authorities for residential purposes of 26,702, and a net decrease in the period April to June, 1954, of 2,522.

## SERVICE CAMPS—TEMPORARY ACCOMMODATION

Consequent upon the survey of camp accommodation which has been undertaken following the issue of the Third and Final Report of the Minister's Working Party on Requisitioned Property in use for Housing, it has been found necessary to revise the basis of figures under this heading.

At 30th June, 1954, the number of families occupying Service Camps was as follows:—

		<i>Number of Camps</i>	<i>Number of Families</i>

The number of operatives engaged on repair and maintenance to existing houses (including conversions, adaptations, extensions, etc.) was estimated to be 153,700 in May, 1953, the latest date for which figures are available.

## APPENDIX A—NOTES

The material contained in this Return is derived from a census of the housing position at 31st December, 1945, and the reports of subsequent progress completed by local authorities and other bodies.

Notes:—Source—Board of Trade.

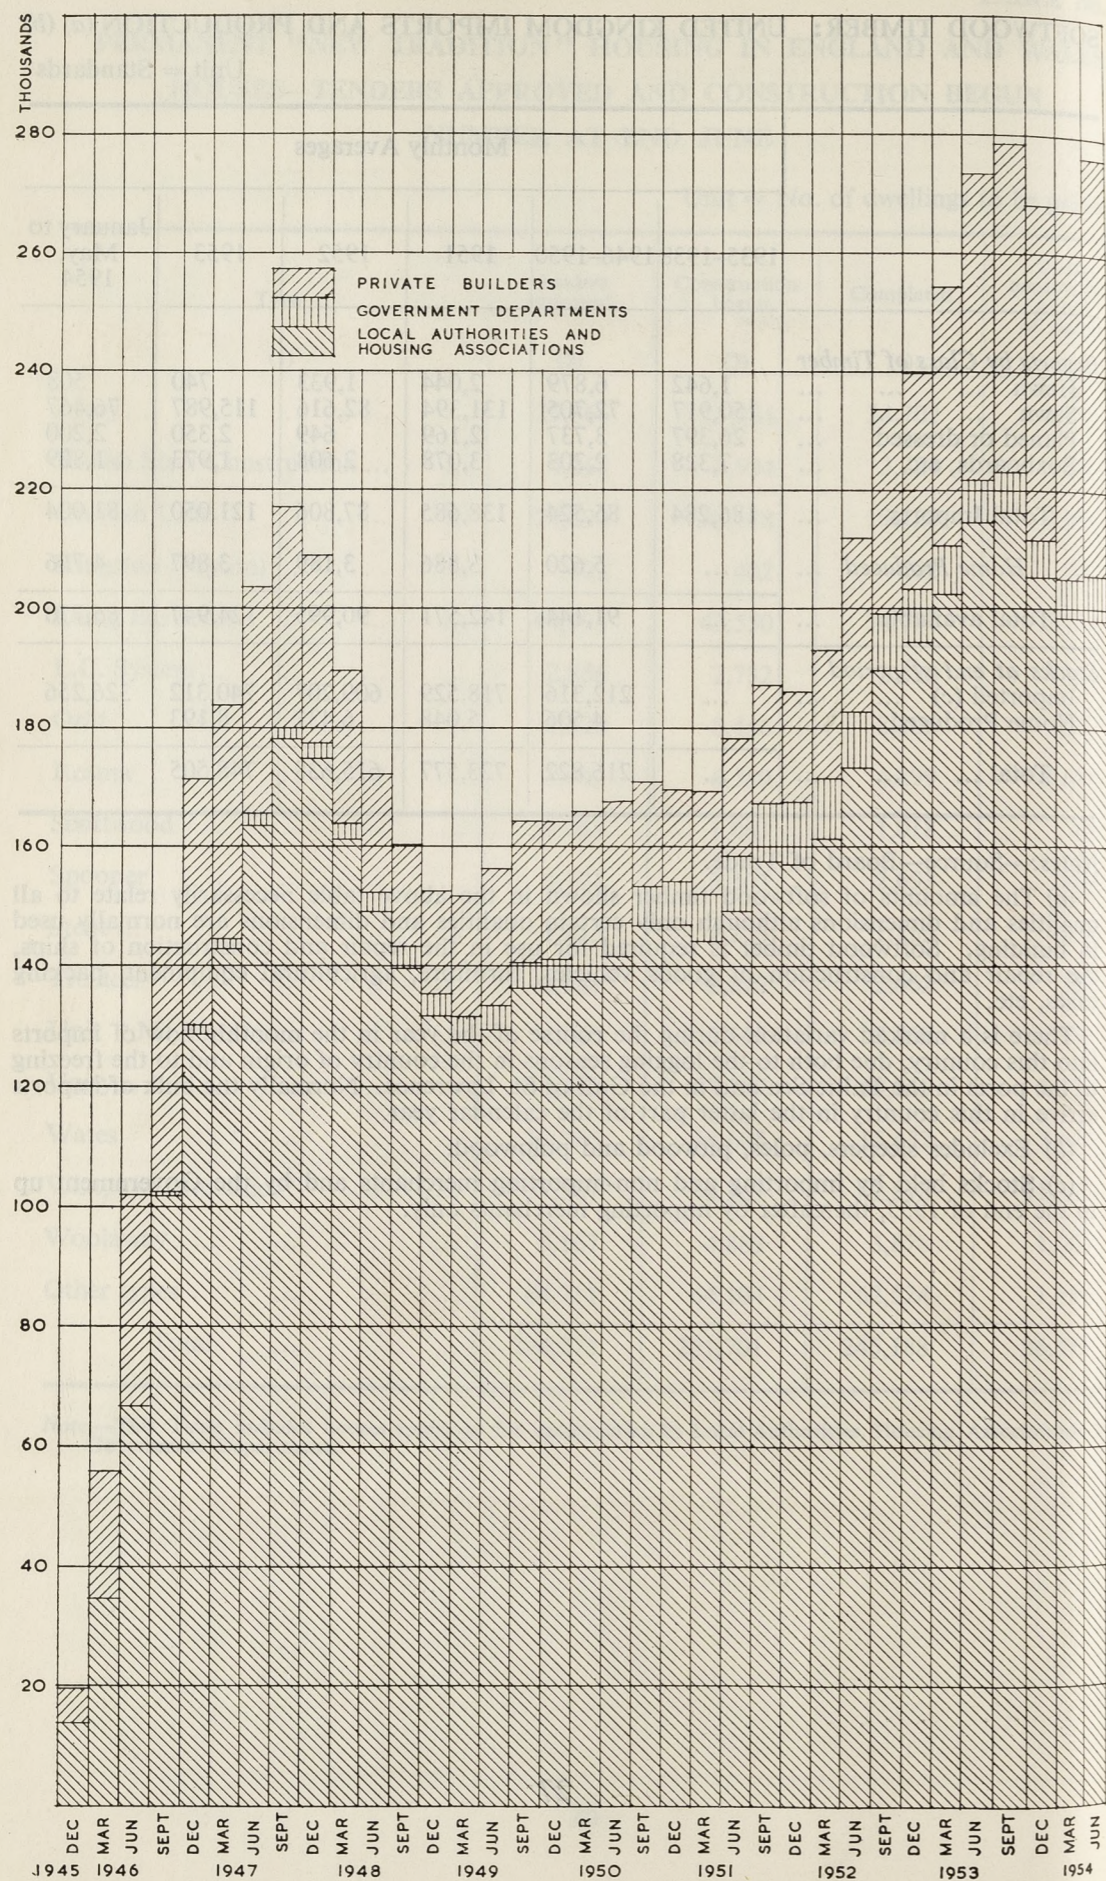

(a) The amounts of softwood timber shown in the above table necessarily relate to all qualities and dimensions although only certain qualities and dimensions are normally used in building. Softwood timber is required for use in the repair and construction of ships, the repair and construction of goods vehicles, furniture, agricultural equipment, packing cases, etc.

There is a marked variation during the course of the year in the monthly flow of imports into this country, due both to the logging seasons in the country of origin and to the freezing of the ports in the Baltic Sea and in the Gulf of St. Lawrence. Normally the bulk of imports arrive in this country in the latter part of the calendar year.

(b) Excludes sleepers, poles, pitwood and pulpwood.

(c) Stocks held by importing and non-importing merchants and by the Government up to the end of 1953, thereafter by importing merchants only.

## NOTES

1. An alphabetical index of Regions and Counties is shown on page 86.
2. The estimated population shown in Column (8) relates to 30th June, 1953, and includes members of the Armed Forces.
3. The figures given in this Appendix relate to the period from 1st April, 1945, and have been based on Progress Reports received from Local Authorities and New Towns Development Corporations up to 30th June, 1954, inclusive. The progress of Development Corporations is recorded under the counties in which they are situated.
4. Houses shown as being under construction or completed are included in the number of houses on tenders approved or on licences and approvals issued; otherwise, figures in each column are not included in any other column.
5. The data shown for each Metropolitan Borough excludes housing provision made by the London County Council.
6. The numbers of houses on licences issued or approved under Section 94 of the Housing Act, 1936 (as amended by Section 8 of the Housing (Financial Provisions) Act, 1938), under construction and completed by Housing Associations are included in Columns (3), (4) and (5) respectively. The numbers of such houses included in Columns (3), (4) and (5) are shown separately for each Local Authority concerned in a Table at the end of this Return.
7. The total number of dwellings on licences and approvals issued (Column (10)) relates both to new dwellings and to rebuilt war destroyed dwellings. Approvals for the erection of new dwellings include those built under the Housing (Financial Provisions) Act, 1938 (Section 3), and houses approved before 1st February, 1947, on which the work was done without valuable consideration.  
  
The total number of dwellings shown in Column (10) takes into account licences and approvals reported as having lapsed.
8. The number of houses on licences issued at the request of New Towns Corporations for erection for private owners in the New Towns are included in Column (10) against the name of the Local Authority or Authorities in whose area the New Town is situated. The number of such houses is shown separately, in italics, in Column (10) against the name of the New Town.
