# YOUR JOB

British trade in the EU single market, and investment from other EU countries, create jobs in the UK. If we leave the EU independent economic experts and The Treasury forecast a UK recession. The Treasury estimates that if we left, as many as 820,000 jobs could be lost and the average wage would fall by £800.

**Karren Brady**  
"UK businesses can create more jobs in Europe than out on their own." 17/01/2016

**Mark Carney, Bank of England Governor,**  
"(Leaving the EU) is the biggest domestic risk to financial stability." 08/03/2016

## FACT

Over 3 million jobs linked to our trade with the EU: one in every ten jobs in this country (Source: The Treasury).

# YOUR FAMILY

Economists agree that if we left the EU, the pound would be hit, putting up the price of your weekly shop, summer holiday and to fill up your car. The economic damage would force £36 billion of cuts to public services including the NHS.

**Cathy Warwick, Chief Executive, Royal College of Midwives**  
"Staying in is better for the NHS, it is better for women, and it is better for midwives."

# YOUR RIGHTS

Our rights at work are protected by EU laws, from maternity leave to anti-discrimination laws. Leave campaigners have spent their careers trying to dismantle these hard-fought rights.

**Frances O'Grady, TUC General Secretary**  
"A Brexit would have massive implications for jobs, rights, and the very fabric of the UK. If you take that floor away, workers will be worse off." 27/01/2016

**Richard Branson**  
Leaving the EU "would be very, very damaging for Great Britain."

## FACT

Vital workers' rights are protected by EU law including maximum working hours, parental leave and rights for part-time workers.
