THE UK IS STRONGER, SAFER AND BETTER OFF IN THE EUROPEAN UNION.

THE EU HELPS KEEP OUR ECONOMY STRONG

"[Leaving Europe is] the biggest domestic risk to financial stability."

Mark Carney, Governor, Bank of England

Why we are stronger, safer and better off in a reformed EU:

- The EU is our biggest trading partner, worth £500 billion a year to our economy
- Over 3 million UK jobs are linked to exports to the European Union
- EU membership gives us full access to the free trade Single Market
- The cost of flights within Europe is 40% cheaper thanks to the EU

Voting to leave would:

- Tip Britain into a recession
- Put half a million jobs at risk
- Increase mortgage costs and reduce wages
- Put up energy bills and petrol prices

Don't put our economy at risk.

"The damage [leaving] will do to this country... will be enormous."

Sir Richard Branson, Founder, Virgin Group
