UNION OF SOUTH AFRICA  
OFFICE OF CENSUS AND STATISTICS  
SPECIAL REPORT SERIES  
NO. 64  
INDUSTRIES, TRADES OR SERVICES IN WHICH INDIVIDUALS OF  
15 YEARS OF AGE AND OVER WERE EMPLOYED AT THE DATE OF  
THE CENSUS, 4TH MAY, 1926, IN THE PRINCIPAL TOWNS AND  
THEIR SUBURBS.  
A Special Report, No. 60, was recently issued, dealing  
with the personal occupations followed by males and females enumerated at  
the Census of 1926. This is a companion report dealing with the in-  
dustries, trades, or services in which the various occupations were fol-  
lowed. For example, a man may be, say, a blacksmith by occupation,  
but he may be following his occupation in the mining industry, building  
trade, or in municipal service, etc., or a man may be a clerk employed in  
the bootmaking industry, or in banking, or some commercial undertaking.  
The classification of the occupations and industries  
of the people is one of the most involved operations undertaken in con-  
nexion with a population census. The preparation and careful scrutiny  
of all the information on the forms demands time, especially as practical-  
ly all other details of the census have to be worked out before the tables  
can be prepared.  
In view, however, of the urgent need for more up to  
date information about the occupations and industries than is available  
from the previous census, this report is issued in advance of the complete  
information which will appear in volume XI of the Census Report of 1926.  
The tables deal only with the larger urban centres and  
omit the industries, trades, etc., with a limited number of employees fol-  
lowing a particular trade.

OUD EN DAARBO OP DIE SENSUSDAG, 4 MEI 1926, WERKSAAM WAS  
IN DIE VERNAAMSTE STEDE EN HULLE VOORSTEDEN.

'n Spésiale Verslag (No. 60) is onlangs uitgegee be-  
treffende die persoonlike beroep deur manlike en-vroulike persone beklee,  
soos opgeneem by die Sensus van 1926. Dit is 'n aanvullingsrapport,  
handelende met die nywerhede, bedrywe of dienste waartoe die verskillende  
beroepes behoort. By., 'n man kan 'n grofsmid van beroep wees, dog hy kan  
hierdie beroep uitoefen in mynontginning, die bouwak, of in munisipale diens  
ens., of 'n man kan 'n klerk wees in die leernywerheid, in bankwese, of in  
die een of ander handelonderneming.

Die klassifikasie van die beroepe en nywerhede van  
die bevolking is 'n besonder ingewikkelde saak by 'n volkstelling. Die  
voorbereiding en noukeurige sifting van al die in-die-vorms-voorkomende in-  
formasie vereis baie tyd, veral aangesien nagenoeg alle andere besonder-  
hede van die Sensus uitgewerk moet word alvorens die tabelle saamgestel  
kan word.

Met die oog egter op die dringende behoefte van  
nou-keuriger informasie omtrent die beroepe en nywerhede dan wat by vorige  
volkstellinge beskikbaar gekom het, word hierdie verslag alvas uitgegee,  
terwyl die volledige informasie in deel XI van die Sensusverslag van 1926  
sal verskyn.

Die tabelle loop alleen oor die groter stedelike  
sentrums en hou geen rekening met nywerhede, bedrywe, ens., nie waarin  
slegs 'n beperkte aantal werkers in diens is, wat 'n bepaalde beroep volg.
