Dear Miss Stacey,
Word unfortunately
I've had a breakdown
in the midst of my
work, & have been
ordered away by
Dr. Wicks for an
indefinite period. I
feel so like a desert
but it was too only
being. I've passed
my work on to
Mrs. Williams,

114 Farleigh Road,
Floke Newington

without giving her
much chance of re-
fusal.

I hope to come up for
a Procession to
walk in robe under
the Medical banner,
I am so sorry that
so many influential
medical women are
holding back.

Yours sincerely
E. M. Craft Handley
