Dear Miss Palliser

Mrs. Fawcett has sent
me a copy of a letter from
Mr. George Bernard dated
May 10th - 1904. I intend
to read it at a committee
meeting in my home
district - Rotten Hill Gate -
on Friday next. There
is a little mistake
in my copy, for which

I shall be grateful if you
will send me the ~~work~~
by which read -

"a condition of things in harmony
with the wider & deeper knowledge
we have won, the nobler ambitions,
and the more humane in
the welfare of our fellows."

There is something omitted
in the underlined part -

I think Mr. Meredith
must have written ^{more than one} ~~many~~
letters to the Lord King's
For the one which struck
me so much when I
read it in the papers

a little time ago seemed
to me more perfect in
form, & more complete
& convincing & final

than this letter, good
tho' it is - but my
memory may be at
fault. I dare say

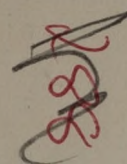

you will know.

Believe me

Sincerely yours

Sophia R. Peck
