Dear Mr Drummond -
Our Committee met today, & I brought forward your kind proposal to print the address I gave at the Hampstead meeting in the Inquirer. However, it has been arranged that I shall speak on these lines, using much the same material, at our ~~London~~ Queens Hall meeting on March the 28th, which you will perhaps be reporting; & they are therefore anxious that the paper shall not be published, at any rate until after that date.

Believe me
Sincerely yours
Evefr Stuart Moore
