Dear Miss Strachey

Thank you for your
two letters. It was very good
of you to write while having
so much pull upon you in
other ways.

You will hear from Mr. Fawcett
about the office work. At the
Sub. Committee meeting we were

all hoping that you would not
come back too soon. You must
need at least this week for
thorough rest. I am afraid it
may take time to get back the
habit of sleep, & till it comes,
you will not have much chance
of recovering strength & freshness.
I hope Lady Strachey is now
really on the mend. It has
indeed been a bad time
for you all.

I am now sending you the
District Secs. reports, as the
Sub. Committee commissioned
me to draft the report for the
Executive Committee. This will
include a summary of what
took place at the Special Meetg
& Conference held on the 13th,
of which I have the Minutes.
I have brought the book home
& will enter the Minutes of
to-day's Meetg also. This, as you

know, I was in the habit of
doing before your appointment.

Yours sincerely

G. Davies.
