Goodbye

y^r loving

Ralph.

P.S. Tell Lytton

that I will write
to him.

My dear Pip.

Donnez moi votre

patte. I can't understand

whether Dick has gone or

not; you said he was going

on the 14th and I get a

letter from him on the 17th

which he wrote on the 16th.

The saddle and bridle he

came all right only the sad-

lle is rather too small. I have caught a very few fish only, about seven very small ones. The other day we went to a lake called Coome Strathlin where we fished for the day in a boat. Mr Peters caught five. I none. Did mamma tell you that if we didn't go to Scotland you would very likely come here? It is

a very good place for Summer holidays. First Seaside, sand, shingle, rocks. Bathing. Boating, Canoeing. Crabs &c in rocks. Shrimps &c. At the mouth of the river soles shrimps &c to be caught with shrimping net. Next Country Good walks, Snowdon (Train), fishing in rivers, long drives, smaller mountains to go up. You must learn these two words which you

must say to everybody you
meet here Borrow dah
Good morning; hōstowch
Good evening; -ch like loch
-ow to rhyme with plough.
Borrow like english word borrow.
The pony is very nice it is very
small, dark brown or black, and
called Darkie. It is only two years
old, it won a prize at a horse
show the other day. We are go-
ing out fishing to day. You know
the men of Harlech (welsh song)
well, Harlech is just across
the bay. There are two other
Welsh ponies here, to drive in
the trap.
