Dear Madam.

As the representative
of the Nat. Un. wom. workers. Central
Legislation Comtee was present
at the Cambridge Wells Conference
Suffrage Movement Meeting.
That & past public events make
me strongly feel the duty of
taking part. if needed - in helping
forward what is just.

If you know of any speaking &
organising to be done in connection
with the Cent. Suff. Socy. or the
movement generally. I shall be
glad to do it.
