My dear Miss Hubbard,

I know Mr. Townsend,  
& his pamphlet, & hope  
that we shall do splendid  
work in connection, when  
the scheme that we are  
all interested in is in  
a rather more advanced  
state - He must get  
the Metropolitan work  
more forward before we  
can get as far as Mrs.  
Townsend's scheme.

It was most delightful  
to me to find that what  
I & my friends had  
thought out, had almost  
simultaneously been thought  
out by Mr Townsend.  
It is so hopeful a sign -  
I forgot to ask if  
you had heard from  
Mrs Mead? I think

that, apropos of ladies  
becoming Matrons of  
Washhouses, & Metropolitan  
pauper Schools, you  
might like a talk  
also Miss Shaw - whom she  
with Mr. Killyard  
opened in introd: then see me at  
He is a man of good <sup>the</sup>  
Temple.  
family & Education, it is  
superintendent of the  
Danvers (Central London)  
School - Shall I give

you a note to him?

I hope we shall have a  
meeting in July at?

the scheme of care for  
girls, & have Mr Harold  
Brown's name down

~~for~~ & he asked Mr  
Facts too. Will you  
come? or are you too  
busy? In g<sup>d</sup> haste

faithfully yrs

J. Senior
