Dear Mrs Javcott,

The Finnish Women's Association has asked me to convey to you her most sincere gratefulness for your kind remembrance of her 20th annual meeting. It is always encouraging for us, who work during so very difficult conditions, to receive a word of sympathy from those,

who are leading the battle in
the great world. We follow you
as well and as fast as we can,
never tiring, never ceasing to
believe in the greatness of our
mutual aim.

I remain, dear Madam, yours
very

sincerely and respectfully:
Alexandra Gripenberg
