Dear Miss Strachey
I am one of the sub-
committee which is
arranging the "Declaration
at Home". See the enclosed
card - I believe Miss
Sterling told Miss Nufford
that the Central Society or
the National Union would
send over to the Institute
some literature for
sale + distribution.

I am attending the
Literature Table -

May I ask whether I can
depend on you sending
some of the Institute before
4 on Thursday next May

9:30. I presume any
which was not sold or
distributed could be left
there ^{at the Institute} ready for the later

"at home".

We might have some copies
of Mrs Stokes book, & the
subject of women, & any
thing else you have;

also we want some

leaflets & some membership forms
and some badges for sale -

I am hoping to go down to Westminster
tomorrow afternoon and on
Wednesday -

May I trouble you to send me to
my address at the head of this letter
some of your headed letter paper &
envelopes - I have used all I have.

I am not going to resume my former
duties as Hon. Sec. for Westminster;
but the Committee has elected
me the Vice-Chairman. A new
Chairman has been badly needed for some
time as ours has left the neighbourhood;
& Lady Purcell - City - Guard who is the
Chairman is away from London
for 6 months out of the year -

Believe me
Very truly yours
Louie Frankland
