My dear M^{rs} Wood

I have ~~just~~ learned
from M^{rs} Fagan that
you have not been
supplied with papers
& information of the
various meetings which
have been arranged

I hope you will excuse
this on the ground that
all the work came
upon people who knew
nothing of the arrangements
who had incomplete
lists & who did not
know the important
members of the League
I wish you had written
to me I would have
seen to it myself.
If I could show

you how the lists were arranged &
how the errors arose you would
understand it all.

We feel very much at how great
a disadvantage M^{rs} Stimp's action
has placed us. My Meetings were
settled & then suddenly she
discontinued acting with us
& we had to go on as best
we could.

I hope M^{rs} Wood & you
will be able to come to me on
the 19th. I think you have had
a card already but to guard
against any mistake I enclose another
Very sincerely yours
E. Parkhurst,
