

AL/518

NATIONAL UNION OF WOMEN'S SUFFRAGE SOCIETIES.

25, Victoria Street.

Westminster, S.W.

Sec. Miss Margery I. Corbett, B.A.

26th March, 1909.

SPECIAL EFFORT WEEK.

Dear Madam,

I am instructed by my Committee to urge you to call together a Committee meeting at your earliest convenience to discuss plans for a "special effort" towards raising funds for the national work of the National Union.

Suffragists rightly feel their first duty is to their local Society, but we beg you to remember that as the work of the National Union has so greatly increased and the number of Societies in the Union has doubled during the last year, the area over which we can appeal for funds is greatly reduced and consists chiefly of those places where the need for work is most urgent and the response to any demand for funds of the slightest.

Would you kindly bring before your Committee the following suggestions for its consideration and let me hear promptly what you have decided to undertake.

Yours faithfully,

MARGERY I. CORBETT.
