Dear Miss Pahliser, I am sorry I
cannot attend the meeting of the
Gen. Council of the N. U. of Women
Suffrage Societies on Jan 31st.

at Newcastle. I have a good
deal to do in January in
connection with the suffrage
which will keep me very busy
take up all my energies

many asks.

I do not ~~not~~ wish this reported
in any way but I am forcing
through the Fabian Society
a paragraph which is to be
inserted into their basis which
will make it incumbent
on any future member of
the Fabian Society to subscribe
to the declaration that the
Society judges itself to make

for equal citizenship for men &
women.

Opponents such
men as Sidney Webb & Bernard
Shaw are primarily in favour
of the suffrage but they did
not want the basis altered.

I am organising the women who
are very much toward & we will
win. But is hard work

& keeps me at it - speaking
& writing & spending money on
whips.

It will be a really
important thing to do as the

society collects all the most
brilliant people for a certain
time of thought. They must also
write a tract on the subject as soon
as we have got our way.

Enclose 10/- towards the memorial
service. I had not been asked
before had I? I do not recollect
ever hearing of it before Wednesday

Yours sincerely

Wand Rivers.
