

May 5th
73 Gloucester Terrace

My dear Mrs Lewes,

I forward a note received for you yesterday, from Mrs Bodichon.

I could do nothing in the criminal case that was presented to us. I found from the date, that it was neither very recent, nor occurring in London; neither did the case itself seem to me to stand out, from the hundreds of legal injustices which are being constantly perpetrated.

Believe me,

With great regard,

E. Blackwell
